

MOUTASIM BABAR

I'm highly passionate and inherent talent helped me to develop exceptional skills in I.T, Almost 10 years of network and systems experience with full life cycle ICT project experience.

Moreover I'm a person who thrives in a fast-paced environment so right now I'm looking for an opportunity to apply my technical expertise and my creative problem solving skills at growth oriented company. Apart of this I am holder of various certifications and travelled to different countries in Mena region to complete various projects.
